MBA & GRADUATE INTERNSHIPS IN SOCIAL ENTERPRISE & SOCIAL INVESTMENT

SOCIAL ENTERPRISE ASSOCIATES is a consulting firm (registered B Corp) providing business driven 'triple bottom line' results – generating financial, social, and environmental returns. We enable for- and non-profit entrepreneurs, both in the U.S. and around the world, to put ideas into action. Our core activities are in New Ventures, Environmental Sustainability, Microfinance, International Development, NGO Earned Income and Social Investment.

We are seeking interns to help social enterprises (non-profit & for-profit) increase their sustainability, scale-up and advance towards success.

INTERN POSITIONS

Internships are available now part time, full time or project-based. Example engagements:

1. Conduct due diligence on businesses increasing sustainable fish in marketplace and develop capital strategies for them, with Future of Fish, www.futureoffish.org
2. Develop webinar trainings for NGOs in partnership with Social Enterprise Alliance
3. Conduct market research to help cooperatives in Ecuador and Peru export coffee and chocolate, as part of Environmental Mortgages Initiatives with Advanced Conservation Strategies

IDEAL CANDIDATES

Successful interns are self-starters who fearlessly delve into new terrain. Candidates should be flexible, good thinkers and organized. Strong written and verbal skills required. Internships are de-centralized and virtual (i.e. outside an office), can be project based/part-time. These real world practical learning opportunities help organizations improve. All positions begin unpaid; credit may be arranged. Strong interns may be offered future paid consulting gigs.

HOW TO APPLY

Applications are accepted on a rolling basis. An internship is tailored as much as possible to applicants' skills and learning goals, matched with specific projects available. Applicants should be clear about their timeline and realistic about availability.
